

WILLIAM McLANE.

JULY 21, 1842.

Read, and laid upon the table.

Mr. BAKER, from the Committee on Invalid Pensions, submitted the following

REPORT:

*The Committee on Invalid Pensions, to whom was referred the petition of William McLane, report:*

The petitioner is now on the roll of invalid pensioners, at the rate of six dollars per month, for wounds received in war with the Seminoles in Florida. The degree of disability certified by the surgeon, on whose certificate he was discharged, was *three-fourths*. He now says that his disability is total, and asks a full pension accordingly.

Certain certificates of surgeons, tending to prove the above allegation, accompany the petition, but, as they were not sworn to by the persons subscribing them, they cannot be regarded as evidence, and the committee therefore report adversely to the prayer of the petition.

WILLIAM MILLER

June 11, 1892.

Dear Sir:

Mr. Bowen, from the Commission on Internal Finance, submitted the

following report on the subject of the internal finance of the State.

The Commission on Internal Finance, created by the act of the Legislature of 1890, Chapter 100, has the honor to submit to you the following report on the subject of the internal finance of the State. The Commission was organized on January 1, 1891, and has since that time been engaged in a study of the subject. It has held numerous public hearings, and has received many suggestions from the public. It has also conducted extensive research into the various sources of revenue, and has endeavored to determine the most equitable and efficient method of raising the funds necessary for the support of the State government. The Commission believes that the following recommendations will result in a more equitable and efficient system of internal finance.
